About AFA

American Festival for the Arts (AFA) is a non-profit 501(c)(3) music education and concert presenting organization based in Houston, Texas. Founded in 1993, AFA was inspired by the desire to enhance the future of American culture and music by providing nationally competitive, community-based educational opportunities of lasting impact for youth thereby encouraging the realization of students' full potential and by broadening the audience for both the American and classical music repertory.

In the summer of 1996, AFA reached its goal of establishing an annual Summer Music Conservatory and Concert Series for the youth and communities of Houston, Texas. Through its twelve year history, the Conservatory has experienced significant annual growth in enrollment, faculty, curriculum, special projects and collaborations and is recognized as one of the most important annual events in Houston's cultural life and as a model for programs of its kind around the nation. With campuses located at Episcopal High School (Houston) and Austin Middle School (Beaumont), the Conservatory takes place during June and July, enrolls talented fourth through twelfth grade students from the communities in and around each campus and provides important need-based tuition scholarship support for deserving students.

through twelfth grade students from the communities in and around each campus and provides important need-based tuition scholarship support for deserving students.

In 2006, AFA enrolled over 250 students from more than 100 different local middle and senior high schools and presented seventeen concerts to thousands of area music lovers featuring more American works and world premieres than any other area presenter.
